

MERCER CONTROLS, INC.

ARE YOU READY FOR THE EPA GROUND WATER RULE COMPLIANCE MONITORING?

CALL US, WE CAN HELP!

Ground water systems that use chemical disinfection must monitor for, meet, and maintain a State-determined residual disinfectant concentration. Systems serving more than 3,300 customers must continuously monitor the residual disinfectant concentration. Systems serving 3,300 or fewer customers have the flexibility to use either continuous monitoring or grab sampling.

MERCER CONTROLS, INC.
